

Shell Helix *Ultra SP 0W-20*

Fully synthetic motor oil - Shell's most advanced formulation for high performance engines

Shell Helix Ultra SP uses unique active cleansing technology to help high-performance engines operate at maximum efficiency by helping to protect them from power-robbing deposits and wear. It helps to reduce engine friction to provide enhanced fuel economy.

Proud Drivers Choose Shell Helix

Main Applications

- Shell Helix Ultra SP 0W-20's fully synthetic formulation offers Shell's maximum protection in very hot and extremely cold climates, and severe driving conditions. It uses Shell's most advanced emissions-compatible technology to help gasoline engine exhaust catalysts and keep diesel particulate filters clean and protects it from ash build-up that can block the exhaust system and lead to reduced engine performance.
- Shell Helix Ultra SP 0W-20 can be used for modern gasoline engines, diesel engines with particulate filters and gas engines.

- Shell Helix Ultra SP 0W-20 is suitable for use in vehicles currently using SAE 5W-20, providing enhanced engine protection and fuel economy.

Specifications, Approvals & Recommendations

- ACEA C5
- API SP

Advice on applications not covered here may be obtained from your Shell or Shell Lubricants distributor representatives or technical helpdesks

Typical Physical Characteristics

Properties			Method	Shell Helix Ultra SP 0W-20
Kinematic Viscosity	@100°C	cSt	ASTM D445	8.0
Kinematic Viscosity	@40°C	cSt	ASTM D445	42.1
Density	@15°C	kg/m ³	ASTM D4052	836
Flash Point		°C	ASTM D92	222
Pour Point		°C	ASTM D97	-54

These characteristics are typical of current production. Whilst future production will conform to Shell's specification, variations in these characteristics may occur.

Health, Safety & Environment

• Health and Safety

This product is unlikely to present any significant health or safety hazard when properly used in the recommended application and good standards of personal hygiene are maintained.

Avoid contact with skin. Use impervious gloves with used oil. After skin contact, wash immediately with soap and water.

Guidance on Health and Safety is available on the appropriate Safety Data Sheet, which can be obtained from your Shell representative.

• Protect the Environment

Take used oil to an authorised collection point. Do not discharge into drains, soil or water.
